Subject: Arlene's Inn BRRTS #03-10-196577; SOW Report Response

Hello Jason and Ron,

I have reviewed the report you sent on October 30, 2019. Please submit a U&C request under Arlene's Inn to complete the following work:

- Another round of sub-slab vapor sampling for PVOC and naphthalene at the same vapor ports (SS-1, SS-2, and SS-3) in January or February

If they come back as no-detections, you may include the results in the closure packet. Please feel free to call me if you would like to discuss.

Thanks,

Dee

We are committed to service excellence.
