SUBJECT: Request for Case Status Update
Oakfield Properties, 201 North Main Street, Oakfield, WI
WDNR BRRTS # 02-20-202459

Dear Mr. Mueller:

I am writing to request an update on the status of the above referenced environmental repair case. The Wisconsin Department of Natural Resources (Department) has not received any written information from you or a consultant regarding this case for quite some time now. In the past you have indicated your willingness to move forward with the environmental work needed but recently you have cited financial difficulties making you unable to proceed. The Department is hopeful that we can work together moving this case towards closure in the most cost effective manner possible. The Department would appreciate a written case status update on how to proceed from you or a consultant within 30 days.

This letter is the final attempt to secure voluntary compliance with the environmental cleanup requirements. **If no progress is made, the Department will have no other option than to initiate our enforcement process.**

Your cooperation and timely response to this matter is appreciated. If you have any questions or comments, please feel free to contact me in Green Bay at (920) 662-5420.

Sincerely,

Keld Lauridsen
Hydrogeologist
Remediation & Redevelopment Program
