**Subject:** Post closure modification Smith's Union 76 - Douglas County Forestry Parking lot

Hello Mark/Jon,

This morning we reviewed the PCM Request for the Former Smith's Union 76 in Solon Springs, WI. Review committee decided that no fee was required as no soil is being disturbed under the existing asphalt and concrete cap, and that the existing cap is being replaced with in-kind materials. As long as this remains true throughout the redevelopment of the site, the department would only require documentation of the cap when completed. This can be as-builts, pictures or both. Please note that the continuing obligations and present cap maintenance plan are still required for the site.

If you have any questions, please contact me. Thank you!  
Barb
