Subject: RE: JIM'S BAR - Jump River - Dry Weight cost (% Total Solids)

Hi Ken, this email serves as your approval for the additional dry weight lab costs. Please include this email when you submit your claim. A note has been placed in Tracker with regards to this approval and your request. If you have any questions, please feel free to give me a call. Thanks for your patience, Carrie

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Subject: JIM'S BAR - Jump River - Dry Weight cost (% Total Solids)

Carrie.

Please see attached invoice for recent soil sample analysis at Jims Bar.

We received DNR approval for PVOC+Naph testing in the April 13, 2018 Change Order (attached). However the lab is also billing for Dry Weight (% Total Solids - U&C S24)(see attached invoice and email below).

This is new but I understand the lab's position (see email exchange below).

Can you approve the additional cost?

Please advise.

Thanks!

Subject: Re: FW: JIM'S BAR (Pace Project # 40169795)

Ken, for PECFA U & C projects, we are approved to charge \$6.83 for total solids. We have not charged for this test in the past in error. After it was brought to our attention, we began charging for the testing as allowed by the posted PECFA U&C rates.

Please let me know if you have any further questions.

Thanks!

Brian.

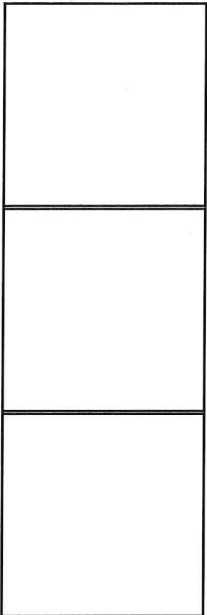

Can you explain the Dry Weight charge on this invoice? In the past we have only been charged for the PVOC+Naph analysis.

I will forward your response to the DNR Proj. Mgr. for approval.

Thanks
