Mr. Peter Gates  
Mobil Oil Corporation  
1515 Woodfield Road  
Shaumburg IL 60173

Subject: Notice of Noncompliance  
Mobil #05-EKM, 3900 Monona Drive, Monona WI

Dear Mr. Gates:

In August 1993, we sent you a letter notifying you to proceed with the installation of remedial systems to address soil and groundwater contamination at the above site. In October 1993, we were informed that bids had been received and the contracts would be awarded soon. In December 1993, the decision was made to install the systems in the spring. Bids would be sent out in February so that once the ground thawed, work could begin. In January 1994, we sent a letter requesting that a timetable be included with the next monthly update. Again in March, your consultant indicated that the bidding process would be completed soon. Once a contractor had been selected, we would receive the timetable. As of the date of this letter, we have not received a written update which indicates that a contractor has been selected and work will proceed this spring.

We are requiring you to submit a status report and timetable of proposed activities within 10 days from the date of this letter. Also, please resume submitting monthly status reports every 30 days, thereafter.

If you fail to fulfill your responsibilities under Section 144.76 of the Wisconsin Statutes, we could initiate further enforcement action. These actions could include issuance of a Notice of Violation, Administrative Order, or referral to the Department of Justice. Referrals to the Department of Justice typically result in forfeitures.

Please contact me if you have questions or are unable to meet the deadline.

Sincerely,

Marilyn Jahnke, Program Assistant  
Emergency & Remedial Response Program
