Follow Up Flag: Follow up
Flag Status: Flagged

Matt, I reviewed your email to Ron Anderson and the "Remaining Actions Needed" letter. We will make the changes to the two cross section maps however the cross section itself is still correct as the plume line included ES/PAL. The Groundwater Iso-concentration Map was correct but the new plume was not transferred to the cross section maps.

The well abandonment costs (\$784.37) were included in the 6/1/18 bid deferment request but were not approved at that time. Once the well abandonment costs are approved we will schedule the well abandonment.

Any questions let me know.
Thanks,

Jason Powell
