RE: **Cost Cap Revoked**

Commerce # 54830-9999-97 DNR BRRTS # 03-16-000301
Moose Junction Lounge, 13195 S State Rd 35, Dairyland

On July 20, 2006, the Wisconsin Department of Commerce (Commerce) received the Occurrence Classification submittal for the site referenced above on February 15, 2006. The electronic entry was not accurate and therefore the site will be listed in the public bid round scheduled to begin on December 26, 2006.

You are directed to take one groundwater sample from the supply well in the adjacent property directly south of County Road M. The cost must follow the current Usual and Customary Cost schedule. No reports are authorized in association with this work. The analytical results shall be submitted to Chris Saari, WIDNR. After taking this sample, you must cease all work at this site. Until a cost cap is established through the bidding process, Commerce will not reimburse costs, including interest, for any work performed outside of the work described herein.

A PECFA claim for eligible costs that have been incurred to date must be submitted no later than 120 days after the date of this letter. Failure to file a claim prior to the deadline will result in ineligibility of interest expenses incurred between the date of this letter and the date a claim is filed.

This site is under the regulatory jurisdiction of the Department of Natural Resources (DNR) and all clean-up decisions, including closure, remain the responsibility of DNR. Please direct any questions about the remedial activities at this site to the DNR project manager, Chris Saari, at (715) 685-2920. The bidding process is the responsibility of Commerce and all correspondence throughout the bidding process will originate from Commerce. Comments and questions regarding the bidding process should be directed to Commerce.

If you have any questions about this letter, please contact me in writing at the letterhead address or by telephone at (608) 261-7718.

Sincerely,

Will M. Myers
Geologist
