RE: Agent Contract Withdrawal

PECFA # 54830-9999-97-A DNR BRRTS # 03-16-000301  
Moose Junction Lounge, 13195 S State Rd 35, Dairyland

Dear Mr. Neiss,

The approval as Agent may be withdrawn at any time in writing by the Department of Natural Resources where work is not being accomplished in a timely manner, there is a failure to meet DNR rules, or there is a failure to pay subcontractors within a contracted timeline after receiving payment for them.

The Agent contract is hereby withdrawn for the project because work is not being accomplished in a timely manner. The last private potable well sampling for the Swenson well, the on-site private well, and the monitoring well network was October 5, 2012. Additional sampling of these wells should have been conducted to date. In addition, monitoring well MW-6 and a piezometer were not installed per the bid specifications, and other terms of the bid contract were not met.

Thank you for your efforts to protect Wisconsin's environment. If you have any questions, please contact me in writing at the letterhead address or by telephone at (608) 261-6543.

Sincerely,
