Subject: Moose Junction PFAS Scoping Statement and Sampling determination

Good afternoon Dave. The DNR has reviewed the PFAS scoping statement you provided in email, dated February 10, 2021. Based on this information, the DNR will not be requiring you to sample for PFAS compounds at the Moose Junction site. If you have any questions, please feel free to contact me. Thanks, Carrie

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
