SUBJECT: Approval of Cost for Proposed Scope of Work
V & L Stripping, 864 Mather Street, Green Bay, Wisconsin
BRRTS # 02-05-216722

Dear Mr. Juza:

On September 12, 2018, the Wisconsin Department of Natural Resources (DNR) received your cost estimate prepared by Mr. Andrew Delforge of REI Engineering, Inc. (REI), for the proposed scope of work including groundwater sampling and remedial action at the above referenced site to move the site towards case closure. After careful review of the submitted proposal, the DNR is approving your proposal for REI to implement the remedial action previously proposed by Mach IV in a submittal titled *Remedial Action Plan Proposal* and dated April 1, 2017, for the V&L Stripping site.

The cost approved for this scope of work is \$49,217.40 for consulting and \$45,133.87 for commodity, for a total of \$94,351.27.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions or concerns regarding the content of this letter, please contact me by phone at (920) 662-5443 or by email at Keld.Lauridsen@Wisconsin.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Keld Lauridsen', with a long horizontal flourish extending to the right.

Keld Lauridsen
