**Attachments:** Chg Order Steam frozen pipes.pdf

Carrie.

Here is Chg Order to steam the frozen pipes at Autostop/Dougs. Cost from plumber (Ron Young) in email below.

As we discussed in previous emails, airflow in the pipes is restricted due to frost buildup. Several pipes are frosted shut (e.g., EX-2, EX-5, RW-3) or restricted (M-1).

Normally I would wait until spring thaw but David Swimm requested data comparing SVE discharge versus ground water levels. To obtain this data, we need the pipes thawed.

I will combine the work with a regular site maintenance trip (in next few days if approval is forthcoming).

Please contact me with questions.

Thanks

Hi Ron.

I would like to hire you to steam the piping at the Verizon (former Autostop). But, as you can see from Carrie's email below, I need to get a quote from you.

Can you email me a quote? Call my cell 715-579-0723 with questions.

Would like to do this work in next week or so.

Thanks!!
