FILE REF: Doug's Tire (BRRTS # 03-55-000408)

TO: File

FROM: Carrie Stoltz

SUBJECT: Site background

On July 15, 2022, the Remaining Actions Needed (RAN) letter was sent.

On October 21, 2022, the consultant submitted monitoring well and system abandonment information.

When I began to draft the final letters, I found (2) offsite properties that changed ownership. Per my supervisor's approval, I sent cover letters with a short explanation and the consultant's original notification letters to: Pederson Avenue and 9th Street. Both properties are currently owned by the same people. However, the owners received the 9th Street notification, but not the Pedersen notification, so I resent the Pederson notification, which the owners received on November 22, 2022. The 30-day comment period ended on December 22, 2022.
