RE: Public Bidding Deferred – Cost Cap Approved

PECFA # 54763-9623-02-A

DNR BRRTS # 03-17-223007

Foster's Corner Store, 102 State Rd 25, Ridgeland

On October 09, 2013, the Wisconsin Department of Natural Resources (Department) received a scope of work (SOW) and cost estimate utilizing the SPS 347, Wisconsin Administrative Code, Usual and Customary Cost Schedule (Cost Schedule) for the site referenced above.

The Department has determined that the submitted SOW is reasonable and **approves** the additional costs. This site will be deferred from the public bidding process at this time. The Department will contact you if this site will be bid in the future.

This approval is for a replacement well for the abandon well MW-6, monitoring well permit, a well survey, three groundwater sampling events (analyzed for PVOC and naphthalene), waste disposal and a report documenting this SOW. A copy of the Department worksheet for the Cost Schedule tasks is enclosed for your reference.

Deferment Cost Cap Approved:

\$9,476.40

Be reminded that annual web reports are required until this case is closed.

Usual and customary costs for activities included in this approval will only be reimbursed at a rate equal to or less than what is allowed on the Cost Schedule, and are reimbursed based upon the Cost Schedule that is in effect at the time the activity is performed. Costs for activities not included in this approval are not reimbursable without prior Department authorization.

Regulatory Correspondence (Task 7, Activity RC05), Claim Submittal (Task 27, Activity CS05) and Standardized Invoice (Task 28, Activity SI05) costs are not included in the cap approved above. These activities will be reimbursed according to the task specifications and with proper supporting documentation submitted with the PECFA claim.

The Department considers the consultant the primary controller of costs during these activities. This approval does not guarantee eligibility of any specific costs that have been incurred or that may be incurred in the future. Final determination regarding the eligibility of costs will be made by the claim reviewer when the entire claim, including all invoices and reports, is submitted for payment.

Note: If you have not submitted a reimbursement claim in the past 12 months, the Department encourages you to do so at this time. If you need assistance with filing your claim, please contact Tim Prosa at (608) 261-7715. In the future, we may review your claim submittal history and require a claim. Failure to submit a claim at that time would result in denial of reimbursement for corresponding interest costs.

Thank you for your efforts to protect Wisconsin's environment. If you have any questions, please contact me in writing at the letterhead address or by telephone at (608) 266-5788.

Sincerely,
