Dear Pat:

Per our discussion regarding the Closure Packet for the above referenced site, my understanding is the DNR is requiring an engineering (PE) review and signature. This will require the engineer to visit the site to verify site diagrams, review of the project report(s), and review of the Closure Packet itself. The engineer will sign the Closure Packet if he agrees with the work completed.

Travel Time to/from the site	2 hrs x \$109.67
File review	4 hrs x \$109.67
Review of Closure Packet and Signature	1 hr x \$109.67

Total Cost: \$767.69

Sincerely,
