Subject: Project Status Update Request for
Pap's General Store, 1637 80th Street, Balsam Lake, WI
BRRTS Case # 03-49-223213

Dear Mr. Scoglio:

On July 12, 1999, you were notified by the Wisconsin Department of Natural Resources (DNR) of your responsibility to investigate and, as needed, clean up contamination located at the above-referenced property. As owner of this property you have certain legal responsibilities, as outlined in Section 292.11(3), Wisconsin Stats., also known as the hazardous substances spills law. Section 292.11(3) states:

- **RESPONSIBILITY.** A person who possesses or controls a hazardous substance which is discharged or who causes the discharge of a hazardous substance shall take the actions necessary to restore the environment to the extent practicable and minimize the harmful effects from the discharge to the air, lands or waters of the State.

Our files indicate that we have not received any written correspondence since a work plan received September 25, 2000. In order to get this case back on track toward remediation of the existing contamination and ultimately, DNR case closure, please have your consultant prepare and submit documentation on the status of this case. If you do not have a consultant, please notify the department in writing within the next thirty days as to your intentions to submit the requested documentation. A lack of response to this letter may result in the initiation of formal enforcement actions.

Forward the requested updates, detailing the current status of the case, to the attention of:

WI Dept of Natural Resources
Philip Richard
875 South 4th Avenue
Park Falls, WI 54552

If you have any questions regarding this correspondence, please contact me at 715-762-1352.

Sincerely,

Philip E. Richard
Hydrogeologist
