Reference: Post Closure Modification Request – City of Neenah, Wisconsin; Shilobrits Cleaners, 1231 S. Commercial Street, Neenah, Wisconsin; BRRTS No. 0271228433

Dear Mr. McKnight:

On behalf of the City of Neenah, I am submitting for your review and consideration a post closure modification request for the former Shilobrits Cleaners Site located at 1231 S. Commercial Street, Neenah, Wisconsin. This request has been prompted by City of Neenah action requiring the removal of the blighted structures from the property and pending actions by the City to take ownership of the property. The Site has been assigned the Wisconsin Department of Natural Resources (WDNR) Bureau of Remediation and Redevelopment (BRRTS) No. of 02-71-228433. The purpose of this submittal is to obtain WDNR approval to replace existing structures that have served as a portion of the site cap with a new asphalt and/or concrete cap.

Background

Historic records indicate that environmental issues on the property were identified in 1997 when notification of possible contamination was provided to Mr. and Mrs. Shilobrit, the owners. The WDNR has worked with the owners on remediating the property since that time, and a conditional closure was awarded the site in late 2008. The owners have since passed away and the property has been unoccupied for many years. Maintenance of the property has been nonexistent and property taxes have not been paid on the property since 2008. No heirs to the estate of the Shilobrits have expressed any interest in taking ownership of the property. Furthermore; Winnebago County has refused to foreclose on the property due to the underlying environmental issues that remain. As a result, the property has rapidly deteriorated and has been deemed a threat to public health and safety by the Neenah Building Inspector. Raze orders have been issued and the property will likely be raised in mid-June 2017.

Proposed Post Closure Modifications

The City of Neenah has ordered the removal of the existing structures due to the risk they pose to public health and safety. Since the property has been orphaned, the City is proceeding with contracts to remove the two existing structures from the site. The detached garage will be removed and the condition of the existing concrete slab evaluated. If the integrity of the slab has been compromised, it will be removed and replaced with an asphalt pad to replace the existing cap. The primary structure will also be demolished. The existing basement and foundation walls will remain and will be backfilled with clay soil. The top six to twelve inches of the foundation walls will be removed to accommodate the placement of a new asphalt surface that will serve as a new cap. No soil disturbance is

anticipated as a result of this work. Should any unforeseen circumstances dictate the removal of soil, the material will be property landfilled at a licensed facility. Existing asphalt surfaces will remain. Should any damage occur to the existing asphalt that will compromise its functionality as a site cap, the damaged area will be repaired or replaced.

It is the intent of the City of Neenah to take ownership of the property pursuant to Wisconsin State Statute 75.17 and to maintain the site and site caps as directed by the WDNR. Additionally, a revised cap maintenance plan will be submitted to the WDNR following completion of the described work.

On behalf of the City of Neenah, I respectfully request written WDNR approval of the post-closure modification described above. Please do not hesitate to contact me with any questions or comments.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Haese". The signature is written in a cursive style with a large initial "C" and a long horizontal stroke.

Notice: Use this form to request a **written response (on agency letterhead)** from the Department of Natural Resources (DNR) regarding technical assistance, a post-closure change to a site, a specialized agreement or liability clarification for Property with known or suspected environmental contamination. A fee will be required as is authorized by s. 292.55, Wis. Stats., and NR 749, Wis. Adm. Code., unless noted in the instructions below. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records law [ss. 19.31 - 19.39, Wis. Stats.].

Definitions

"Property" refers to the subject Property that is perceived to have been or has been impacted by the discharge of hazardous substances.

"Liability Clarification" refers to a written determination by the Department provided in response to a request made on this form. The response clarifies whether a person is or may become liable for the environmental contamination of a Property, as provided in s. 292.55, Wis. Stats.

"Technical Assistance" refers to the Department's assistance or comments on the planning and implementation of an environmental investigation or environmental cleanup on a Property in response to a request made on this form as provided in s. 292.55, Wis. Stats.

"Post-closure modification" refers to changes to Property boundaries and/or continuing obligations for Properties or sites that received closure letters for which continuing obligations have been applied or where contamination remains. Many, but not all, of these sites are included on the GIS Registry layer of RR Sites Map to provide public notice of residual contamination and continuing obligations.

Select the Correct Form

This form should be used to request the following from the DNR:

- Technical Assistance
- Liability Clarification
- Post-Closure Modifications
- Specialized Agreements (tax cancellation, negotiated agreements, etc.)

Do not use this form if one of the following applies:

- Request for an **off-site liability exemption or clarification** for Property that has been or is perceived to be contaminated by one or more hazardous substances that originated on another Property containing the source of the contamination. Use DNR's Off-Site Liability Exemption and Liability Clarification Application Form 4400-201.
- Submittal of an Environmental Assessment for the **Lender Liability Exemption**, s 292.21, Wis. Stats., **if no response or review by DNR is requested**. Use the Lender Liability Exemption Environmental Assessment Tracking Form 4400-196.
- Request for an **exemption to develop on a historic fill site** or licensed landfill. Use DNR's Form 4400-226 or 4400-226A.
- **Request for closure** for Property where the investigation and cleanup actions are completed. Use DNR's Case Closure - GIS Registry Form 4400-202.

All forms, publications and additional information are available on the internet at: dnr.wi.gov/topic/Brownfields/Pubs.html.

Instructions

1. Complete sections 1, 2, 6 and 7 for all requests. Be sure to provide adequate and complete information.
2. Select the type of assistance requested: Section 3 for technical assistance or post-closure modifications, Section 4 for a written determination or clarification of environmental liabilities; or Section 5 for a specialized agreement.
3. Include the fee payment that is listed in Section 3, 4, or 5, unless you are a "Voluntary Party" enrolled in the Voluntary Party Liability Exemption Program **and** the questions in Section 2 direct otherwise. Information on to whom and where to send the fee is found in Section 8 of this form.
4. Send the completed request, supporting materials and the fee to the appropriate DNR regional office where the Property is located.

See the map on the last page of this form. A paper copy of the signed form and all reports and supporting materials shall be sent with an electronic copy of the form and supporting materials on a compact disk. For electronic document submittal requirements see: <http://dnr.wi.gov/files/PDF/pubs/rr/RR690.pdf>

The time required for DNR's determination varies depending on the complexity of the site, and the clarity and completeness of the request and supporting documentation.
