SUBJECT: Approval of Change Order #2A, 1025 East Green Bay Street, Shawano, Wisconsin; WDNR BRRTS # 02-59-231063

Dear Ms. Martin:

Your proposed change order is approved. You may proceed with the proposed work. The Wisconsin Department of Natural Resources (Department) received the proposal in an e-mail prepared by Nicole LaPlant of Robert E. Lee & Associates, Inc. and submitted on your behalf on June 29, 2015.

The change order was requested for the costs associated with drum disposal activities. It is the Department's understanding that 12 drums of investigative derived waste (IDW) are currently staged on the property referred to as Martin's Dry Cleaners located at 1025 East Green Bay Street, Shawano, Wisconsin. The IDW consists of seven (7) drums of soil and five (5) drums of groundwater. The drums of IDW were generated as a result of recent site investigation activities performed in 2014.

Cost approved for this change order is \$1,415 for sub-contractor services (i.e., no consulting costs are included with this approval). The REL cost approved for this site investigation is \$35,448.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.
