Subject: Webster Pig Farm: Chg Order - grade settling of water line and install bumper posts around well
Attachments: IMG_0291.JPG; IMG_0287.JPG; 20170523070156293.pdf

Carrie.

Here is Change Order to fill and grade water trench where water line settled and to install the steel bumper posts (four) adjacent to the new water supply well on Mary Krizan's property.

I would like to finish work in July now that the work area has dried up.

Total Change Order:

- Bring load of topsoil, backfill to grade over water line which settled. Match adjacent grade using skid-steer. (see attached pictures)

\$500 (see attached quote (attachment also includes cost for Odau...Webster quote is pg. 2))

- Install four bumper posts.
The posts are 8 ft long, 4-inch diameter steel posts filled with concrete. They will be installed to a depth of 4 ft and the hole (with post) backfilled with Quikcrete.

\$475 (see email below)

Total Job Cost: \$975

Thanks
