Carrie

I would like to modify the Change Order for this site as follows:

Driller Overnite

The Change Order included costs for Consultant Overnite but did not include Driller overnite.

Can we add the Driller Overnite?

15	Misc. Drilling Activities & Supplies	MDT25	Commodity Service Provider Per Diem (drilling and direct push)	Pers
----	--------------------------------------	-------	--	------

Thanks.

**Subject:** RE: Webster Pig Farm - Proposed Wells-APPROVED!

Hi Ken, attached is the approval letter for 2 MW/PZ nests, 2 rnds GW for Webster Pig Farm. A hard copy will be sent via USPS. I omitted the Land Fill and private utility locate costs from this request because those are actual costs that need to be submitted at claim time. I also changed the number of GW samples to 8 from 1. We discussed these items previously. If you have any questions let me know. Thanks, Carrie

**Subject:** Webster Pig Farm - Proposed Wells

Here is Change Order for proposed wells.

I designed wells to match the other wells in the network for consistency.

**Subject:** RE: Webster Pig Farm data table

Hi Ken, this email serves to reiterate our phone call from this PM. Chris & I reviewed this site and feel a well nest is needed to act as a sentinel to protect the town hall well. 2 deeper wells + 1 shallow well (see map attached). I would recommend 2 rounds of sampling from the new wells + town and Krizan PWs. You can supply raw labs after the 1<sup>st</sup> round. Maybe sample all wells for the final round. If you have any questions, let me know. Thanks, Carrie
