These are the rates that each individual project was bid, based on tonnage and estimated amount of time that was going to be spent at each site.

Hi Debby, could you explain why the consultant oversight for the excavation for Port Wing is \$3.75 and the same oversight for Le May is 3.25? Thanks, Carrie

Subject: Port Wing Auto

Hi Carrie,

I am writing to request a cost cap for the excavation at the Port Wing Automotive site, PECFA #54865-9999-99-B.

The costs requested are as follows:

VARIANCE:

Excavate C soil: $69.2 \times \$3.50 = \242.20

C Soil Disposal: $69.2 \times \$20.00 = \$1,384.00$

Haul C soil: $69.2 \times \$26.00 = \$1,799.20$

Fill: $69.2 \times \$12.00 = \830.40

Backfill and Compact: $69.2 \times \$2.50 = \173.00

Task 4/WD17, Landfill Environmental Fee: \$390.00

Task 24/LSE05, Consultant Oversight: $69.2 \times \$3.75 = \259.50

Total Cost Cap Requested: \$5,078.30

If you are fine with placing a note in tracker, that will suffice for METCO, as well.

Thanks,
Debby
