Subject: Port Wing Automotive

Hi Carrie,

I am writing to request a cost cap for the Drilling Project at the Port Wing Automotive site, PECFA #54865-9999-99-B. The costs requested are as follows:

Task 13b/DR25, Drilling in unconsolidated soils (consultant) – 16 ft x \$1.58 = 25.28

Task 13e/DR60, Drilling in unconsolidated soils (commodity) – 16 ft x \$11.97 = \$191.52

Task 14/MW105, Monitoring well installation (consultant) – 2 ft x 3.89 = \$7.78

Task 14.MW115, 2 inch PVC casing (commodity) – 2 ft x \$16.70 = \$33.40

Total costs requested: \$257.98

Please note: We did not need to use bedrock drilling for this project. Therefore, the 16 feet in bedrock drilling or drill rig set up costs will not be utilized.

If you could please review these costs ASAP, as we would like to submit a claim for the subcontractor reimbursement, we would appreciate it.

We are fine with a note in tracker and attaching your reply to the claim, if it is alright with you.

Thanks,
Debby
