Hi Debby, I would be happy to correct this error, but I need to know when this was originally approved. Thanks, Carrie

**Subject:** Port Wing Automotive

Hi Carrie,

I am writing in regards to the cost cap approval for the Port Wing Automotive site, PECFA #54865-9999-99-B.

In the original cost cap, METCO had requested 4 samples to be approved for Task 1/GS25, Ground Sampling – Incremental Sample Collection, lead (per well) – 4 samples x \$26.25 = \$105.

When you approved this cost cap, there was an error made and the costs were approved as Task 1/GS10 , 4 samples x \$47.67.

If it is possible to make a simple note in tracker to allow for this correction, it would be greatly appreciated.

However, because METCO can no longer see tracker online, could you please let us know when this correction is made, as we will be submitting these costs for reimbursement once we receive the results from the laboratory?

Thanks,  
Debby
