Dear Mr. Larsen and Mr. Karow:

On July 8, 2019 the Department provided a Cost Cap Approval for a carbon injectate remediation scope of work cost estimate submitted by REI for the site referenced above. After consideration, **the Department is rescinding the approval** and is requiring that the consultant solicit three comparative bids for the carbon injectate remediation scope of work for the Department to review and approve prior to initiating work at the site. REI will be reimbursed up to \$1,000 by the PECFA program for the work associated with preparing requests for, soliciting and evaluating bids. If you have any questions, please contact me at (608) 267-2465 or jenna.soyer@wisconsin.gov.

Thank you for your attention to this matter.

Sincerely,

Jenna Soyer
Fiscal and IT Section Chief
