Subject: Adleman's Dry Cleaner, 1502 Bellinger Street, Eau Claire, WI  
BRRTS#02-18-258807

Dear Mr. Howie:

On January 4<sup>th</sup>, 2019, the Wisconsin Department of Natural Resources received a request, with the applicable fee, to review the Adleman's Dry Cleaner case file to determine if the investigation performed at the site is complete under Wis. Adm. Code NR 716. The West Central Region (WCR) Closure Committee has reviewed the documents submitted and has determined that no further investigation at this site is necessary.

Based on the WCR Closure Committee's decision, your site is eligible for closure as a "No Action Required" (NAR) closure. There are two ways to complete this; it is your choice how you want to proceed.

If you want an official closure letter, you will need to submit a fee of \$700 and the appropriate application. You could also request this site be closed as a NAR without a letter. Under this situation, we would track the NAR closure on our tracking system, which we refer to as BRRTS. You can find the public version of this system by googling "BRRTS on the Web". You would then input this site's BRRTS #, which is found in the subject line of this letter, and the information for this site will be viewable.

Please contact me as to how you wish to proceed with your NAR closure. If you have any questions regarding this letter, please do not hesitate to contact me at 715-839-3765.

Sincerely,

A handwritten signature in blue ink that reads "Gina Keenan". The signature is fluid and cursive.
