Subject: Butz Cleaners Maintenance Plan
Attachments: Vapor Maintenance Plan 122 Main Street.pdf

Hi Mark,

I'm hoping to wrap up the closure for the Butz Cleaners site. A couple small issue remains though.

- 1) Maintenance plan for 122 Main Street:
 - a. The narrative in the maintenance plan that was provided for 122 Main Street all refers to the 140 Main Street property.
 - b. The figure that should show the location of the vapor mitigation system at the 122 Main Street property shows the system at the 140 Main Street property.

Please submit an updated maintenance plan for the vapor mitigation system at the 122 Main Street property that addresses the items above.

- 2) Maintenance plan for 140 Main Street. Section 4H of the closure form states that a cap maintenance plan has been prepared, however this was not included in the maintenance plan provided for 140 Main Street. Please submit an updated maintenance plan for 140 main street that includes the continuing obligation for cap maintenance for direct contact and groundwater pathway, as well as the vapor mitigation system.
- 3) The "Notification Letters Summary" page indicates that an updated off-site notification letter has been sent to 122 Main Street (Golden Eagle Apartments), however that letter was not provided in Attachment G. Please forward a copy of the most recent letter to 122 Main Street which includes the continuing obligation for maintenance of the vapor mitigation system.

In addition, are there any pictures available of the vapor mitigation system located at 140 Main Street?

Thank You,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
