Re: Notice of Intent to File Deed Affidavit

Dear Mr. Fee:

On May 10, 2018 the Department of Natural Resources ("department") sent you a letter requesting a site update for the above referenced property. The department did not receive an adequate response to the previous request within the allotted timeframe.

In accordance with Wis. Admin. Code § NR 728.11(2)(b), you are hereby notified that the department intends to record an affidavit at the county register of deeds office giving notice of contamination at the property at 9799 County Rd BB, Almond, unless you **respond to this second letter in writing, within 30 days of receiving this letter (date of delivery confirmation), informing the department of your plans to finish the necessary environmental response actions at this site.** As part of this response, please include the name and contact information of your environmental consultant. If you do not have an environmental consultant, a list of PECFA-registered firms has been included for your convenience.

In accordance with Wis. Admin. Code § 728.11(2)(c), if an acceptable response is not received within the time period set forth in this letter, the department may, as soon as practicable but in no case less than 15 days after the 30-day deadline, record the affidavit at the office of the register of deeds for the county in which the property is located. A copy of the affidavit to be filed is enclosed with this letter.

The department would like to work with you to finish the response action at your site while PECFA reimbursement is still available. Your prompt attention to this request is appreciated. If you have any questions regarding this notice or how to move your site forward to case closure, please contact me in writing at the letterhead address or by phone at (715) 421-7862. I can also be reached by email at dee.lance@wisconsin.gov.

Sincerely,

Dee Lance

Name and Return Address:

I, Dave Rozeboom, being first duly sworn, state that:

1. I am a Remediation and Redevelopment Program Supervisor, employed by the Wisconsin Department of Natural Resources (hereinafter "the department").
2. Dee Lance, Hydrogeologist, of the Wisconsin Department of Natural Resources, West Central Office has personal knowledge of the facts herein set forth and believe the same to be true.
3. The department was notified of a petroleum contamination discharge at the property located at CTH D & CTH BB, in the City of Plainville, County of Portage, and which has the above legal description.
4. The removal or treatment of the contamination is required on the property under the authority of Wis. Stats. § 292.11.
5. On May 10, 2018 the department sent a letter, by certified mail, to the Estate of Janet Szczesny, at 1245 Main St., PO Box 8, Stevens Point, Wisconsin, advising him of the statutory requirement to restore the environment at that location, and that a notice of contamination may be recorded if satisfactory action to restore the environment did not commence. That letter requested a written response within 30 days from the date the letter was received. No response to that letter was received by the department, by June 11, 2018.
6. On January 6th, 2019, the department sent a second letter, by certified mail, to the Estate of Janet Szczesny, at 1245 Main St., PO Box 8, Stevens Point, Wisconsin, advising that the department has made the decision to record a notice of contamination for the above-described property at the county Register of Deeds office.
