Matthew,

Thanks for the contact information. No changes have been made to this site. The site is vacant with no plans for improvements. It has a message board on it for community events and is treated as a park type area and mowed as such. If you have any further questions feel free to contact me.

Thanks  
Dave

Good morning, Mr. Bekkum,

Due to reorganization within the Wisconsin Department of Natural Resources Remediation and Redevelopment Program, the file for the above-referenced site has been transferred to me at the Eau Claire office of the Wisconsin Department of Natural Resources. I understand the site was a former gas station and soil contamination still exists on the site. Has there been any recent progress to investigate the site? I know the DOT conducted an investigation of the ROW in 2015 that partially delineated the extent of the contamination.

Please submit a status update for the site within the next 30 days. In addition, submit all future correspondence pertaining to the site to me at the following address.

If you should have any questions regarding this letter or your site, please feel free to contact me at (715) 839-3760, or e-mail me at [matthew.vitale@wisconsin.gov](mailto:matthew.vitale@wisconsin.gov).

Sincerely,

Matthew Vitale
