Ken,

The additional mob under LSE10 is approved for \$831.92.

Matt.

Thanks for approval below for additional tonnage. I submitted the invoicing to PECFA and they have been approved for payment.

I received a call yesterday from PECFA staff who reviewed the invoices and noted that we had not invoiced for

24	Limited Soil Excavation	Consultant	LSE10	Primary Mob/Demob	Site	\$
----	-------------------------	------------	-------	-------------------	------	----

PECFA suggested we contact the DNR Project Mgr (you) and request approval for this mob cost...we can then submit this cost on our next claim.

Can you approve the Primary Mob/Demob cost for the soil excavation of \$831.92? I think a note to tracker or an email similar to below will be adequate for PECFA Claims.

Please call me with any questions (I am working in Jump River this week and next – no cell service).

Thanks
