Here is Change Order for sampling. I also included costs to complete the job (i.e., Closure Packet, well abandonment).

I will send you GW table with sampling results before I begin Closure Packet. If additional work is needed, we can proceed accordingly. Otherwise, I can go straight to Closure Packet...with your concurrence.

This approach avoids a Letter Report.

Let me know if OK with this approach.

Do you need paper copy?

Thanks

Ken,

I reviewed the Progress Report dated July 15, 2019 for the above referenced site. I concur with your recommendation to conduct one additional round of groundwater sampling.

My only concern with the report is that the laboratory could not get a reporting limit for dissolved lead below the PAL. I have other sites where this is achieved.

Hi Matt.

Did you have a chance to look at the recent report for this site? Perhaps I can call you to discuss.

Thanks
