Ken,

The closure committee reviewed this site yesterday and approved closure, pending well abandonment, investigative waste disposal, and the following edit to the closure packet:

- Update Section 4.L to indicate that a PAL exemption is needed for Lead in MW-9. The revised page should be initialed and dated by you, and can be emailed to me. A hard copy is not necessary at this time.

Please forward a copy of the remaining actions letter to Mr. Marum. Mailing the hard copy will be delayed due to the Covid-19 situation.

Please submit a U&C Cost Request for the well abandonment and/or waste disposal tasks.

Thanks!

-Matt
