Subject: Schwan Oil Co - Bulk Plt site in Hortonville (BRRTS #03-45-001398)
Attachments: LGU Exemption.pdf; Environmental Contamination Basics.pdf

Good morning Diane,

Thank you for taking the time to speak with me regarding the Schwan Oil Co – Bulk Plt site. The department is very eager to work with you on acquiring this property, securing the local government unit (LGU) liability exemption, and hopefully securing the funds to bring this site to closure. For your review, I have attached the following departmental guidance documents to get you started: State and Federal Protections for Local Government Units and Environmental Contamination Basics.

As I mentioned, there are a couple of grant programs out there, but I think that the best fit for this site is the Brownfields Site Assessment Grant (SAG). You can find more information at the WEDC website:

<http://inwisconsin.com/community/assistance/brownfield-site-assessment-grant-program>

You may also review the site history online on BRRTS on the Web:

Once you have had the opportunity to review these documents, please contact me with any questions or concerns and perhaps we can set up a meeting to discuss further.

Cheers!

Sarah
