Debby – it has been approved and I noted in tracker that you would attach this email with the claim to close the loop.

Thanks,
Aaron

Hi Aaron,

Since I can no longer view tracker, I am unable to see if these costs have been approved.

If you could please let me know if they have, I would appreciate it, as I am trying to get a reimbursement claim submitted to the State for the subcontractor costs on this project.

Thanks,
Debby

Subject: Dave's Gas Station

Hi Aaron,

I am writing to request a cost cap for the Drilling Project at the Dave's Gas Station site, PECFA #54754-9998-05.

The costs requested are as follows:

Task 13b/DR25, Drilling Oversight in unconsolidated soil (consultant) – 4 x \$1.58 = \$6.32

Task 133/DR60, Drilling Oversight in unconsolidated soil (commodity) – 4 x \$11.97 = \$47.88

Total cost cap requested: \$54.20

Please note: The costs for 4 feet of drilling in bedrock were not needed.

If you could please review these costs ASAP, as we would like to submit a claim for the subcontractor reimbursement, we would appreciate it.

We are fine with a note in tracker and attaching your reply to the claim, if it is alright with you.

Thanks,
Debby
