Subject: Dutch Cleaners First Quarter Sampling Results Sump Discharge

All,

Attached is the quarterly sanitary discharge report for the former Dutch Cleaners site in Cedar Grove, WI. The sump was measured and sampled on April 10, 2017.

The results are similar to the past 17 sample events, with minimal detections of VOCs.

Included in this report is a request to reduce the sampling frequency to once annually. Please review and give me a call if you have questions. We look forward to hearing from you with a response.

Thank you,

Ken

**RE: Sanitary Discharge Report – Notification of Groundwater Chemistry Conditions
Former Dutch Cleaners, 403 S Main St, Cedar Grove WI**

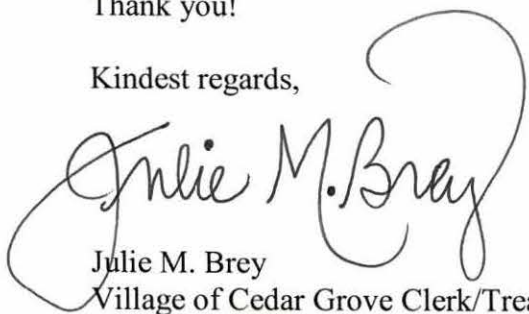

The Village of Cedar Grove is in receipt of your letter dated April 13, 2017 regarding changing the quarterly monitoring and sampling to an annual basis of monitoring and sampling.

The Village Board of Cedar Grove met on Monday, May 1, 2017 and discussed this issue. Based on the low levels and the WDNR agreement that less frequent sampling is acceptable, the Village Board of Cedar Grove is in agreement with the change in monitoring and sampling to annually.

If there are any questions or anything else is needed, please contact our office at (920) 668-6523.

Thank you!

Kindest regards,

Julie M. Brey
Village of Cedar Grove Clerk/Treasurer
