**SUBJECT: Site Closure for the Chippewa Valley Regional Airport Maintenance  
Garage Located at 3800 Starr Avenue, Eau Claire, WI**

Dear Mr. Wright:

On October 5, 1995, the Department of Natural Resources provided a notice to you that the degree and extent of petroleum contamination at the above-named site was required to be investigated and remediated. We have since been informed that the required investigation and remediation have been accomplished.

On March 14, 1996, the maintenance garage was reviewed by the Western District Closeout Committee for possible closure under ch. NR 726, Wisconsin Administrative Code. Based on the investigative and remedial documentation provided to the Department, it appears that the petroleum contamination at the above-named site has been remediated in compliance with the requirements of chs. NR 700 to 724, Wisconsin Administrative Code. Therefore, the Department considers the case "closed," having determined pursuant to ch. NR 726, Wisconsin Administrative Code, that no further action is necessary at the site.
