Hi Felipe, you can send it to me and I will forward to the SWLP. There's a few people on the email chain.

Thanks,

Not a problem, should I send it to you or someone at SWLP?

Hi Felipe,

I just heard back from SWLP. They would like a PDF letter for their records. Would it be possible to get a PDF letter sent via email.

Thanks

Subject: SHPO Review: 23-0342/DG - Superior Water Light and Power- Manufactured Gas Plant Remediation Site

Dear Abraham Ledezma,

We have completed our review of WHS #23-0342, Superior Water Light and Power- Manufactured Gas Plant Remediation Site and find that no eligible properties will be affected, none are present. A Phase I archaeological survey is not needed for this project due to the extensive disturbance caused by previous industrialization.

If your plans change or cultural materials/human remains are found during the project, please halt all work and contact our office.

Please use this email as your official SHPO concurrence for the project. If you require a hard copy signed form, please contact me and I will provide you a signed copy as soon as possible.

Sincerely,
Felipe Avila
