SUBJECT: Approval of DERP additional site investigation at Fritzke Colony Dry Cleaner Property,  
10003 West Carmen Avenue, Milwaukee, Wisconsin. BRR-DERP FID#241170270.

Dear Mr. Fritzke:

We have reviewed the report "Work Plan Addendum", which was submitted on your behalf by Sigma Environmental Services, Inc. In this report, Sigma proposes the installation of seven additional soil borings and the collection of soil samples for laboratory analysis. The purpose of this is to define the soil contamination found in the soil borings for monitoring well, MW-1 and MW-3; and the geoprobe, GP-2. The total cost for this is estimated at \$10,881.

The department approves a cost cap of \$10,881 for the next phase of subsurface investigation at this site. If you have any questions regarding this letter, you may contact me at (414) 263-8589.

Sincerely,

Gina Keenan  
Hydrogeologist
