Dear Mr. Fritzke:

The Wisconsin Department of Natural Resources ("the Department") has received from your consultant, United Engineering Consultants (UEC), a change order to complete the case closure and GIS Registry packets for the above described site under the Department's Dry Cleaner Environmental Response Program.

The total amount requested is \$4,560 for the preparation of the Case Closure and GIS Registry packets along with a revised SI report. The Department approves this additional cost to closure of \$4,560. The total cost approved to date for the site that includes this additional cost is \$68,149.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the Ch. NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

The Department appreciates the actions you have taken to investigate and remediate the contamination at this site. If you have any questions or comments, please feel free to contact me at the above address or at (414) 263-8644. Please refer to the FID number at the top of this letter in any future correspondence.
