SUBJECT: Norman Getz Property, 6854 West Beloit Road, West Allis, Wisconsin. BRRTS#02-41-271535; FID#241287200.

Dear Mr. Getz:

We have reviewed the remedial action proposals submitted on your behalf by your legal representative, Reinhart, Boerner, Van Deuren, S.C. In the submittal, they recommend the proposal from environmental consultant, Arcadis, where Arcadis recommends using a carbon amendment injection into the groundwater and limited source removal of soils at the site. The total cost for the proposed remedial action is \$194,472.

Based on the information provided, the department approves the alternative remedial action plan and the cost cap of \$197,472 for the remedial action. As noted in their proposal, it is Arcadis's responsibility to obtain all the necessary permits and regulatory approvals. If you have any questions regarding this letter, you may contact me at the above address or at (414) 263-8589.

Sincerely,

Gina Keenan
Hydrogeologist
