Subject: New Project Manager and Sampling Update  
One Hour Cleaners La Crosse  
1241 La Crosse St, La Crosse, WI  
DNR BRRTS Activity #: 02-32-279690

Dear Mr. Biondo:

This letter is to notify you that I am the new Wisconsin Department of Natural Resources (DNR) project manager for the above-referenced site. Also, the DNR has reviewed the above site for potential risk of vapor intrusion to residents in the building and has determined there is a potential. However, the DNR has reached out to the Wisconsin Department of Health Services (DHS) and has received confirmation that the La Crosse County Health Department is willing to complete and cover the costs for indoor air sampling. This sampling would confirm if residents are being exposed to indoor air vapors.

The DNR understands that historic correspondences were shared expressing vapors did not need to be assessed but as there is no formal letter or decision document to explain this reasoning the DNR feels it is necessary to be cautious and confirm if a vapor pathway is putting residents at risk.

Please contact the La Crosse Health Department to schedule indoor air vapor sampling.

Lindsay Neitzel  
La Crosse Health Department  
300 4<sup>th</sup> Street N 2<sup>nd</sup> Floor  
La Crosse, WI 54601

If you have any questions regarding this letter, please contact me. Thank you for your attention to this matter.

Sincerely,

Candace Sykora
