**Subject: Extension Request – Remedial Action Standards Documentation Report  
Hayton Area Remediation Project  
Chilton, WI  
BRRTS 02-08-281506**

Dear Ms. Krueger:

In correspondence dated November 17, 2021, the Wisconsin Department of Natural Resources (WDNR) requested Tecumseh Products Company LLP (Tecumseh) to provide a revised Remedial Action Standards Documentation Report (Report) for the Hayton Area Remediation Project (HARP) on or before February 15, 2022. On February 8, 2022, we requested an extension until August 31, 2022, to address the comments and submit the revised Report. WDNR approved the extension request in an email, dated February 10, 2022.

As discussed with you during our meeting on July 11, 2022, with consideration of the project deliverables, on behalf of Tecumseh, we are requesting that WDNR grant an extension until December 15, 2022, to address the comments and submit the revised Report.

Thank you for your timely consideration and approval of this request.

Please do not hesitate to contact me should you have any questions or comments.

Sincerely,

TRC
