Dear Mr. Greenfield:

The Department hereby acknowledges receipt of the report titled, “Case Closure – GIS Registry” on July 19, 2017. This report, dated July 14, 2017 was provided on your behalf by METCO.

Please be aware that since 1998, the RR Program has implemented a legislative directive to collect fees to support certain oversight activities. If you request Department review and response to this document, a fee must be provided, as specified in ch. NR 749, Wis. Adm. Code. We encourage you to submit the applicable fee for this submittal to allow us to conduct a thorough review and provide you with a response. By formally providing input to you and your consultant, Department staff may help ensure that alternate approaches are considered, that work conducted will be acceptable, and that your case reaches closure in a timely manner.

For this submittal, the appropriate fee would be \$1,700.00 for the closure fee and database fees for soil and groundwater. After receipt of the specified fee, the Department will review this document and respond. For more information on receiving written Department assistance, please see our webpage at: <http://dnr.wi.gov/topic/Brownfields/Fees.html>.

If you have any questions regarding this letter, please call me at 920-424-0399.

Sincerely,

A handwritten signature in blue ink, appearing to read 'D. Neste'.
