Subject: Off-site Access Request Letters for Montello Lodge site, BRRTS # 02-39-283764

Good morning,

As a follow-up to our phone conversation this morning, you mentioned you were so far unable to secure off-site access to sample for the Montello Lodge site. DNR has Property Access Request letters that I can send to the property owners where sampling is needed to occur for the investigation. The letters would further explain why granting access would be helpful to the investigation. The letters would also include the Access Agreement with General Engineering for the property owners to sign. Let me know if you would like my assistance with getting the off-site property access. Reach out with any questions. Thank you,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
