**Subject:** RE: Brrts #:0245297744 (Barb and Ron's)

Hi Andy,

I discussed this variance with Wayne last week and we realized that Glass Vault is not in DERP as they do not have an agent agreement with the DERF applicant. In order for any future work, including the recent workplan, to be approved for *potential* DERF reimbursement, Glass Vault will need to sign an agent agreement with the DERF applicant, Ron VanAsten, and this will need to be provided to DNR.

Once we receive the agent agreement, we would need the SIWP submitted with a change order that includes costs and explanation as to why they cannot bid for the variance request. Once this is received, we can provide a cost approval and variance approval.

Please let me know if you have any trouble getting ahold of the previous owner.

Thank you,  
Josie

Ms. Schultz:

Andy Skwierawski here. Ted Warpinski and I are working with Glass Vault, LLC on the Barb and Ron's cleaner site. I wanted to call your attention to the submittal that went in today. Attached to the workscope that was submitted was a DERF variance request. For ease of access, the request is separately attached hereto. We held off submitting the request until now as we were waiting for the workscope to be completed so they could be reviewed together.

Please reply all to this email letting me know you received the request. And if you have any questions or need any further information, please contact me.

Regards,  
Andy
