OFFICE OF THE CITY ATTORNEY

Kaye K. Vance
City Attorney

February 13, 1996

Mr. John Feeney
Department of Natural Resources
P. O. Box 12436
Milwaukee, WI 53212

Dear Mr. Feeney:

This will confirm the DNR has asked Cedarburg to monitor the ground water at the former site of the Cedarburg Light and Water Commission Power Plant at W61 N617 Mequon Avenue on a quarterly basis for the first year, 1996. If those results are acceptable to the DNR, monitoring will occur thereafter on an annual basis. Northern Environmental will be the engineering firm doing the monitoring.

Please call me if you have any questions.

Very truly yours,

Kaye K. Vance
