RE: Reported Contamination at Cedarburg Light & Water site, W61 N617 Mequon Avenue

Dear Ms. Stovall:

Per our telephone conversation on 8/2/2006 Cedarburg Light & Water is still in the process of engaging an environmental consultant to review our file, and pursue further actions. We have had great difficulty in getting in contact with the firm Environmental Consulting and Management (Mr. Gary Graham) who has been the consultant of record on this project.

If I am unable to get in contact with Gary by Friday August 4<sup>th</sup>, I will then pursue another qualified consultant, and expect that we will have someone secured by August 11<sup>th</sup>. If for some unforeseen reason this cannot be accomplished in the time frame discussed, I will contact you.

Respectfully,

Cedarburg Light & Water Utility

Dale A Lythjohan  
General Manager
