Hi Greg,

I have approved the additional GW sampling in the database (two units for Task 1, GS05 and Task 33, W4), thus modifying the 9/24/19 SOW. Consider this email as your approval. Please remember to include a copy of this email at claim time. If you have any questions, let me know. Thanks.

We are committed to service excellence.

Tim:

We are getting ready to sample at Lennys. We have 2 rounds and 10 well samplings approved. Wells anticipated to be sampled include 5, 16, 23, 24, 27, and 17. If we sample all the wells each round, we will be over budget. Can you approve 2 additional well samplings, please, or let me know which well you don't want sampled?

Thank you,

Greg
