SUBJECT: Cost request approval, former McGettigan property  
2803-2809 University Avenue, Madison, 02-13-321347

Dear Mr. O'Loughlin:

SCS Engineers submitted a Dry Cleaner Environmental Response Program budget request for proposed well abandonment work on behalf of the MOM Partnership on October 12, 2018. Your budget request is approved. Please proceed with the proposed work without delay.

The proposed work is properly sealing (abandoning according to NR 141, Wis. Adm. Code) three monitoring wells (MW-3, MW-5, and UP-MW-1) north of University Avenue near the railroad right-of-way. These wells are in the path of an upcoming redevelopment project; while this will reduce the number of monitoring points available for the McGettigan case, the downgradient extent is still monitored by MW-7 and MW-8 along Marshall Court.

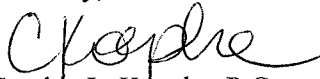

Cost approved for the work is \$2309. The total cost approved for the site to date is \$135,060.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, and hazardous waste management and wastewater discharge rules.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions regarding the content of this letter, please contact me at 608-275-3257 or [cynthia.koepke@wisconsin.gov](mailto:cynthia.koepke@wisconsin.gov).

Sincerely,

Cynthia L. Koepke, P.G.
