

Ongoing Cleanups with Continuing Obligations Cover Sheet

April, 2010
(RR 5391)

Purpose

This cover sheet summarizes continuing obligations regarding environmental conditions on this property. Continuing obligations are legal mechanisms that:

- 1) Require or restrict certain actions to protect human health or the environment.
- 2) Minimize human and natural resource exposure to contamination, and/or
- 3) Give notice of the **existence** of residual contamination

Learn more about continuing obligations at <http://dnr.wi.gov/topic/brownfields/residual.html>

DNR Property Information:

SITE NAME:

BETTER BRITE PLATING CO. CHROME AND ZINC SHOPS

Requirements for all properties with Continuing Obligations

1. Properly manage contaminated soil if it is excavated. Sample and arrange appropriate treatment or disposal.
2. DNR approval is required if a water supply well will be constructed or reconstructed.

Site-Specific Requirement(s) - (BRRTS Action Code)

- A "cap" over the contaminated area must be: (222)
 Constructed & Maintained Maintained
- A vapor mitigation system must be: (226)
 Constructed & Maintained Maintained
- The need for vapor control technology must be evaluated if a building will be constructed. (228)
- The approved soil cleanup level is suitable for industrial use of the property. (220)
- DNR has approved construction on an abandoned landfill and certain maintenance requirements apply. (402) or (404)
- A structural impediment (e.g. building) is present which inhibited investigation/cleanup. Further environment work may be required if the impediment is removed. (224)
- DNR has directed a local government unit (LGU) to take an action and a LGU liability exemption applies. This exemption does not transfer to future private owners. (230)
- Another type of continuing obligation has been established in DNR's remedial action plan approval. (228)

**ENVIRONMENTAL PROTECTION EASEMENT
AND
DECLARATION OF RESTRICTIVE COVENANTS**

1. This Environmental Protection Easement and Declaration of Restrictive Covenants is made this 18 day of March, 2010, by and between the City of DePere, Wisconsin, ("Grantor"), having an address of 335 S. Broadway Street, DePere, WI, and Wisconsin Department of Natural Resources ("Grantee"), having an address of 101 South Webster Street, Madison, WI. Grantee, Wisconsin Department of Natural Resources, is acquiring this interest pursuant to §292.31 Wis. Stat. The Grantor and Grantee intend that the provisions of this Environmental Protection Easement and Declaration of Restrictive Covenants also be for the benefit of the United States, a third party beneficiary.

WITNESSETH:

2. WHEREAS, Grantor is the owner of two parcels of land located in the County of Brown, State of Wisconsin, more particularly described on **Exhibit A** attached hereto and made a part hereof (the "Property"); and

3. WHEREAS, the Property comprises the Better Brite Superfund Site ("Site"), which the U.S. Environmental Protection Agency ("EPA"), pursuant to Section 105 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. § 9605, placed on the National Priorities List, set forth at 40 C.F.R. Part 300, Appendix B, by publication in the Federal Register on August 30, 1990; and

4. WHEREAS, in a Record of Decision dated September 24, 1996 (the "ROD"), the EPA Region 5 Regional Administrator selected a "remedial action" for the Site, which provides, in part, for the following actions: Extraction of groundwater at Zinc Shop; Relocation of treatment plant from Chrome Shop to Zinc Shop; Stabilization of hexavalent chromium in soil; Construction of new external foundation drains at two (2) properties near the Zinc Shop with collected water pumped to the pretreatment facility at the Zinc Shop; and, continued groundwater monitoring at the Chrome Shop and the Zinc Shop (**Exhibit C**). With the exception of post-remedial groundwater monitoring, the remedial action has been implemented at the Site; and

5. WHEREAS, the parties to this document, wishing to achieve necessary post-remedial environmental institutional controls, agree that this document will provide for: 1) a

grant of a right of access over the Property to the Grantee for purposes of implementing, facilitating and monitoring the remedial action until such time as EPA/WDNR determine that no monitoring of any media within the Site is required; and 2) to impose on the Property use restrictions as covenants that will run with the land for purpose of protecting human health and the environment until such time as EPA/WDNR determine that no monitoring of any media within the Site is required; and

6. WHEREAS, Grantor has cooperated fully with the Grantee in the implementation of all response actions at the Site and wishes to continue to do so.

NOW, THEREFORE:

7. Grant: Grantor, on behalf of itself, its successors and assigns, in consideration of the remedial action performed pursuant to the September 1996 ROD and 2004 CERCLA Five-year Review Report (a copy of which is available in the DePere Branch of the Brown County Public Library), does hereby covenant and declare that the Property shall be subject to the restrictions on use set forth below for so long as continued monitoring is required, and does give, grant and convey to the Grantee, and its assigns, with general warranties of title, 1) the right to enforce said use restrictions, and 2) an environmental protection easement of the nature and character, and for the purposes hereinafter set forth, with respect to the Property, that will run with the land for the purpose of protecting human health and the environment until such time as EPA/WDNR determine that no monitoring of any media within the Site is required.

8. Purpose: It is the purpose of this instrument to convey to the Grantee real property rights, which will run with the land, to facilitate the remediation of past environmental contamination and to protect human health and the environment by reducing the risk of exposure to contaminants. It is also the purpose of this instrument that the EPA as Third Party Beneficiary shall have the right to enforce the terms of this instrument.

9. Third Party Beneficiary: Grantor on behalf of itself and its successors, transferees and assigns and the Grantee on behalf of itself and its successors, transferees, and assigns hereby agree that the United States and its successors and assigns shall be the Third Party Beneficiary under this instrument.

10. Restrictions on use: The following covenants, conditions, and restrictions apply to the use of the Property, run with the land for the benefit of the Grantee and the EPA as Third Party Beneficiary and are binding upon the Grantor including its successors, transferees, assigns or other person acquiring an interest in the Property and their authorized agents, employees, or persons acting under their direction and control, for the purpose of protecting human health and the environment until such time as EPA/WDNR determine that no monitoring of any media within the Site is required: a) To prohibit use of groundwater for consumptive or other uses

without prior approval of WDNR and EPA on the Property; b) To prohibit excavation of soils or disturbance of the cap in the Chrome and Zinc shop areas of the Site (**Exhibit D**); and, c) to prohibit the following activities on the cap or cover in **Exhibit E** (unless prior written approval has been obtained from the WDNR or its successor or assign): (i) excavating or grading of the land surface; (ii) filling on the capped area; (iii) plowing for agricultural cultivation; and (iv) construction or installation of a building or other structure with a foundation that would sit on or be placed within the cap or cover in the Chrome and Zinc shop areas.

11. Modification of restrictions: Any request for modification or rescission of this instrument shall be made to the Grantee and the EPA at the addresses provided in Section 21 of this instrument. This instrument may be modified or rescinded only with the written approval of the EPA Superfund Division Director and the Director of the WDNR. Grantor on behalf of its successors, transferees, assigns or other person acquiring an interest in the Property agrees to record any EPA approved and WDNR approved modification to or rescission of this instrument with the Brown County Register of Deeds and a recorded copy shall be returned to the EPA and the WDNR at the addresses provided in Section 21 of this instrument.

12. Environmental Protection Easement: Grantor hereby grants to the Grantee for its use a right of access at all reasonable times to the Property for purposes of protecting human health and the environment until such time as EPA/WDNR determine that no monitoring of any media within the Site is required:

- a) Implementing the response actions in the ROD;
- b) Verifying any data or information submitted to EPA concerning the property or Site;
- c) Verifying that no action is being taken on the Property in violation of the terms of this instrument or of any federal or state environmental laws or regulations;
- d) Monitoring response actions on the Site and conducting investigations relating to contamination on or near the Site, including, without limitation, sampling of air, water, sediments, soils, and specifically, without limitation, obtaining split or duplicate samples;
- e) Conducting periodic reviews of the remedial action, including but not limited to, reviews required by applicable statutes and/or regulations; and
- f) Implementing additional or new response actions that either the Grantee or the U.S. EPA determine i) are necessary to protect the public health or the environment because either the original remedial action has proven to be ineffective or because new technology has been developed which will accomplish the purposes of the remedial action in a significantly more efficient or cost effective manner; and ii)

such additional or new response actions will not impose any significantly greater burden on the Property or unduly interfere with the then existing uses of the Property.

13. Reserved rights of Grantor: Grantor hereby reserves unto itself, its successors, and assigns, all rights and privileges in and to the use of the Property which are not incompatible with the restrictions, rights and easements granted herein.

14. EPA Entry, Access and Response Authority: The Grantor and Grantee consent to officers, employees, contractors, and authorized representatives of the EPA entering and having continued access to this property for the purposes described in paragraph 12. Nothing in this document shall limit or otherwise affect EPA's rights of entry and access pursuant to any and all powers conveyed by applicable federal or state environmental laws and regulations or EPA's authority to take response actions under CERCLA, the NCP, or other federal law.

15. No Public Access and Use: No right of access or use by the general public to any portion of the Property is conveyed by this instrument.

16. Notice requirement: Grantor agrees to include in any instrument conveying any interest in any portion of the Property, executed after the date of this instrument, including but not limited to deeds, leases and mortgages, a notice which is in substantially the following form:

**NOTICE: THE INTEREST CONVEYED HEREBY IS
SUBJECT TO AN ENVIRONMENTAL PROTECTION
EASEMENT AND DECLARATION OF RESTRICTIVE
COVENANTS, DATED _____, 20____, RECORDED IN THE
PUBLIC LAND RECORDS OF THE BROWN COUNTY
REGISTER OF DEEDS, ON _____, 20____, IN BOOK
_____, PAGE _____; IN FAVOR OF, AND ENFORCEABLE
BY THE WISCONSIN DEPARTMENT OF NATURAL
RESOURCES AS GRANTEE AND THE UNITED STATES OF
AMERICA AS THIRD PARTY BENEFICIARY.**

Within thirty (30) days of the date any such instrument of conveyance is executed, Grantor must provide Grantee with a recorded copy of said instrument.

17. Administrative jurisdiction: The federal agency having administrative jurisdiction over the interests acquired by the United States by this instrument is the EPA. The WDNR has administrative jurisdiction over the interests acquired by this instrument.

18. Enforcement: The Grantee and the EPA, shall be entitled to enforce, individually or jointly, the terms of this instrument by all legal remedies available, including specific performance or other legal process. All remedies available hereunder shall be in addition to any and all other

remedies at law or in equity, including CERCLA. Enforcement of the terms of this instrument shall be at the discretion of the Grantee or the EPA, and any forbearance, delay or omission to exercise enforcement rights shall not be deemed to be a waiver by the Grantee or the EPA of the same or any other term, or of any other rights of the Grantee or the EPA, under this instrument.

19. Damages: Grantee and EPA shall be entitled to recover damages for violations of the terms of this instrument, or for any injury to the remedial action, to the public or to the environment protected by this instrument.

20. Covenants: Grantor hereby covenants to and with the Grantee and the United States and its assigns, that the Grantor is lawfully seized in fee simple of the Property, that the Grantor has a good and lawful right and power to sell and convey it or any interest therein, that the Property is free and clear of encumbrances, except those noted on **Exhibit B** attached hereto, and that the Grantor will warrant and defend the title thereto.

21. Notices: Any notice, demand, request, consent, approval, or communication that either party desires or is required to give to the other shall be in writing and shall either be served personally or sent by first class mail, postage prepaid, addressed as follows:

To Grantor:

City Clerk-Treasurer
335 S. Broadway Street
DePere, WI 54115

To Grantee:

Director, Bureau of Remediation and
Redevelopment
Wisconsin Department of Natural Resources
101 South Webster Street
Madison, WI 53707-7921

To Third Party Beneficiary:

U.S. Environmental Protection Agency
Region 5 Administrator
77 West Jackson Boulevard
Chicago, IL 60604

22. General provisions:

a) Controlling law: The interpretation and performance of this instrument shall be governed by the laws of the United States or, if there are no applicable federal laws, by the law of the state of Wisconsin.

b) Liberal construction: If any provision of this instrument is found to be ambiguous, an interpretation consistent with the purpose of this instrument that would render the provision valid shall be favored over any interpretation that would render it invalid.

- c) Severability: If any provision of this instrument is found to be invalid, the remainder of the provisions of this instrument shall not be affected thereby.
- d) Entire Agreement: This instrument sets forth the entire agreement of the parties with respect to rights and restrictions created hereby, and supersedes all prior discussions, negotiations, understandings, or agreements relating thereto, all of which are merged herein.
- e) No Forfeiture: Nothing contained herein will result in a forfeiture or reversion of Grantor's title in any respect.
- f) Successors: The covenants, terms, conditions, and restrictions of this instrument shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running with the Property for purposes of protecting human health and the environment until such time as EPA/WDNR determine that no monitoring of any media within the Site is required. The term "Grantor", wherever used herein, and any pronouns used in place thereof, shall include the persons and/or entities named at the beginning of this document, identified as "Grantor" and their personal representatives, heirs, successors, and assigns. The term "Grantee", wherever used herein, and any pronouns used in place thereof, shall include the persons and/or entities named at the beginning of this document, identified as "Grantee" and their personal representatives, heirs, successors, and assigns. The rights of the Grantee and Grantor under this instrument are freely assignable, subject to the notice provisions hereof. However, the rights of the Grantee may be assigned only to a governmental entity with authority to assume the rights and obligations of that Grantee.
- g) Termination of Rights and Obligations: A party's rights and obligations under this instrument terminate upon transfer of the party's interest in the Easement or Property, except that liability for acts or omissions occurring prior to transfer shall survive transfer.
- h) Captions: The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.
- i) Counterparts: The parties may execute this instrument in two or more counterparts, which shall, in the aggregate, be signed by both parties; each counterpart shall be deemed an original instrument as against any party who has signed it. In the event of any disparity between the counterparts produced, the recorded counterpart shall be controlling.

To Have And To Hold So Long As WDNR/EPA Determine That Monitoring Of Media Inside The Site Is Necessary For The Protection Of Human Health And The Environment.

IN WITNESS WHEREOF, Grantor has caused this Agreement to be signed in its name.

Executed this 25th day of January, 2016.
