**Re: Acceptance of Remedial Action Construction
Documentation Report, Better Brite Superfund Site, De Pere, Wisconsin**

Dear Ms. Fassbender:

The Wisconsin Department of Natural Resources (WDNR) in consultation with the United States Environmental Protection Agency has completed a review of the Remedial Action Construction Documentation Report for the Better Brite site in DePere, Wisconsin. Based on this review, the WDNR approves the Remedial Action Construction Documentation Report and certifies that the Remedial Action has been completed in accordance with the terms of the Record of Decision and Remedial Design.

Please contact me at (715) 623-4190 ext. 3125 if you have questions concerning this correspondence.

Jon, I know this sounds a little silly for a one paragraph letter but could you take a look at this draft for me. My only real question is do we leave in the line "in consultation w/EPA" or should this language be changed.
