Subject: Additional information needed -Chilton Plating - Site Investigation Report Addendum Review - BRRTS #02-08-000040

Good Afternoon Harris,

I'm currently working on reviewing the SIR Addendum for the Chilton Plating Co Inc site. Prior to completing my review and presenting it to the peer group some additional information is necessary.

- Cumulative groundwater data tables
 - Provide groundwater data tables showing all samples taken to date for the existing wells at the property
- Groundwater quality maps
 - Provide updated groundwater quality maps to reflect the data collected in March of 2024

Once the additional information is received I can finalize my review. If you have any questions or would like to discuss anything further, feel free to reach out.

Best regards,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
